The University of Texas at Austin <i>Economics</i>	2024 – 2027
The University of Massachusetts at Amherst	2022 – 2023

PROJECTS

Consistency, Not Capacity: Root-Cause Analysis of Wait-Time Variability - Allday Pizza

- Analyzed 7+ months of POS and shift data at a 300+ order/day pizza shop to trace 2x wait-time swings to inconsistent station assignment, then designed a low-cost standardization protocol to close the gap without added headcount.

Second Location Expansion: Capital Budgeting and Investment Analysis – Allday Pizza

- Built a 5-year pro forma model (NPV, IRR, debt amortization) grounded in real sales data and industry benchmarks, recommending a second location based on a \$940,775 NPV and 97.7% IRR that held up across worst/base/best scenarios.

AI Glasses or More Stores? Market Entry and Growth Strategy Analysis – Warby Parker

- Compared Warby Parker's store-expansion runway (337 of 900+ locations) to entering the smart glasses market, where Meta holds ~70% share, recommending stores for faster payback and lower competitive risk.

EXPERIENCE

Allday — Service Member; Austin, TX *November 2025 – Present*

- Uphold meticulous attention to detail in a high-volume food service environment, contributing to consistent quality across all customer orders
- Drive \$20–25K in weekend sales revenue by maintaining efficient operations and delivering excellent customer service during high-traffic periods with long queues
- Collaborate with team members to streamline front-of-house operations, resolving customer issues quickly and on the spot to ensure a smooth and positive experience

Hook'd Magazine – Marketing Team Member *February 2026 – May 2026*

- Contributed to content strategy for a university fashion magazine by conceptualizing fit check and event-based content ideas that aligned with current trends and resonated with a college-aged audience
- Assisted in planning and executing behind-the-scenes photo and styling shoots, supporting the magazine's visual identity and creating promotional content across social media channels
- Collaborated with a creative team to develop consistent, on-brand content tied to campus events, gaining hands-on experience in audience engagement and platform-specific posting strategy

Walgreens — Pharmacy Technician Intern; McKinney, TX *July 2023 – December 2023*

- Executed precise entry of prescription data into pharmacy systems while strictly adhering to HIPAA patient confidentiality protocols and verifying accurate medication type and dosage for each patient
- Navigated medical insurance policies across a broad range of providers to efficiently process claims and ensure patients received timely and accurate prescription fulfillment
- Advocated for low-income patients by proactively connecting them with GoodRx discount programs, reducing out-of-pocket prescription costs for patients who were previously unaware of available savings
